

YELLOW TALE STINGRAY

the remarkable true story
of one of Oz's most
arresting C3s

far away on our favorite island continent,
there are rumors of a C3 Corvette so fierce
that Australian citizens dare not utter its
name. "It has the roar of a monster," some said.
"Untameable," others cried. Our curiosity was
piqued—we had to learn more of this petroleum-

South Wales, to learn of its origins. "Yes, the Yellow
Tale Stingray exists," he tells VETTE, "and I alone
have known its true history...until now."

James tells us that an inconspicuous '68
Stingray immigrated to Australia in 2000 after
being sold by its owner, a female hairdresser in Las
Vegas. "She had always wanted a red Corvette,"

would become famous because of how
it looked. I chose yellow because all I could
think about was how yellow looked best on a Cor

Like the car's previous owner, James
always wanted a Vette. "A friend of my family
just purchased a '68 big-block. I was at the
light when I heard this thing rumbling up to
me and I just thought, 'That's gotta be my car.'"
